

Web Applications Testing — Assignment 1

Use Selenium to

- Go to <http://www.amazon.com/>
- Search “Selenium WebDriver” using the search box in the home page

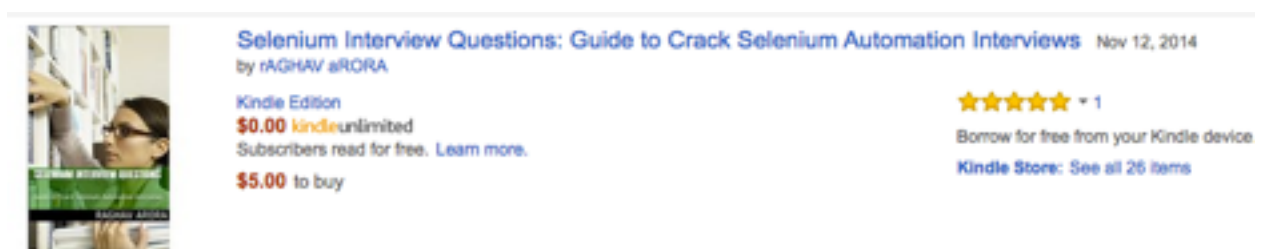

- In the result page, print out the number of books listed in the first result page and the book title and its paperback price for each listed book. **Note that the paperback price is optional with bonus points.**

Make sure that you print out the red price for immediately below Paperback (\$44.99), as shown below.

If a book does not have the Paperback version, like shown below, print out “No Paperback price”

Here is the output from my code:
